Bhopal, Madhya Pradesh 

WEBKORPS

Winway World Offices, 4th Floor, Indore

April 9 2024

I am writing to express my interest in the MERN Developer role at WEBKORPS. As a graduate with a strong foundation in the MERN stack and 2 months of hands-on internship experience, I am eager to contribute to your team and continue growing as a developer.

During my internship, I had the opportunity to lead a team on an e-commerce project, where I applied my skills in **MongoDB**, **Express.js**, **React.js**, and **Node.js** to develop robust and user-friendly features. Additionally, I utilized **Figma** for UI/UX design, **GitHub** for version control and collaboration. Serving as a team member enhanced my problem-solving abilities and strengthened my collaboration skills as I worked closely with my teammates to overcome challenges and deliver a successful project.

My passion for software development, particularly within the MERN stack, drives my enthusiasm for this position. I am eager to leverage my internship experience and continue expanding my skills to contribute to innovative projects at WEBKORPS. and I am excited about the opportunity to be part of such impactful work.

Thank you for considering my application. I am enthusiastic about the possibility of discussing how my skills and experience align with the needs of your team. I am available for an interview at your earliest convenience and can be reached at 6261437008 or via email at siddharthisrani@gmail.com.

Yours Sincerely,

Siddharth Israni
